

City of Lancaster

Aprylle D. Gilbert

Wheras, U.S. Route 6 is a main route of the U.S. Highway system, and though the original western end of the route was Long Beach, California, the route currently veins from the city of Bishop, California to Provincetown, Massachusetts and during the mid-20th century, was known to be the longest highway in the country; and

Wheras, Aprylle Gilbert is a mother of two, an accomplished musical artist and talented writer, who has a passion for helping others and that compassion for others has fueled her mission to undertake a coast-to-coast charity run along U.S. Route 6. The run, starting May 11, 2015, will run the length of U.S. Route 6 from Long Beach, CA, to Cape Cod, MA and spans over 3,600 miles; and

Wheras, the City of Lancaster is a member of the U.S. Route 6 Tourist Association and we are fortunate to have Ms. Gilbert include Lancaster, California along her route to success;

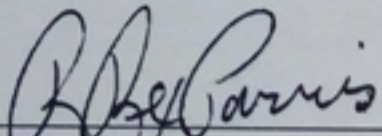

Now, therefore,

The Lancaster City Council commends

Aprylle D. Gilbert

for her philanthropic endeavors and joins in honoring her as she journeys to success along historical U.S. Route 6.

Presented this 14th Day of May, 2015

R. Rex Parris, Mayor
